Re: REACH Requirements

To Whom It May Concern,

According to the definitions in the REACH Regulation (EC) 1907/2006, Polygal polycarbonate (PC) multiwall/solid sheets, Polygal polycarbonate (PC) profiles and Polygal polypropylene (PP) multiwall sheets are classified as “articles” and therefore do not require registration or notification to the European Chemicals Agency (ECHA) by importers in European Union countries.

Polygal Plastics Industries Ltd. hereby states that according to current and available information including declarations from suppliers:

- 1) The above mentioned products do not intentionally contain any of the substances listed in the current European Chemicals Agency (ECHA) “Candidate List of Substances of Very High Concern” (last updated on January 15, 2019) in a concentration of 0.1% or higher (by weight).
- 2) The above mentioned products do not contain any substances intended to be released in normal and foreseeable conditions.
- 3) None of the restrictions detailed in Annex XVII of the REACH regulation (EC) 1907/2006 (including amendments added in September 2012) apply to the above mentioned products.
